

## Katsuura Sake Brewery Tour

200年もの歴史を持つ酒蔵見学

The Yoshino Shuzo is a historical brewery that was founded in the Tenpō era (1830-1844). The brewery grounds house Matsuo Shrine, which enshrines the god of sake. The brewery's motto is "a good environment produces good sake." The brewery's sake uses only natural water from a cave surrounded by centuries-old trees that is located within the premises of the brewery. Its famed Koshigoji sake, which received first place at the Annual Japan Sake Awards and is exported all over the world, continues to use traditional sake brewing methods. Tour participants will learn about the brewery facilities and how sake is made. Participants can also enjoy tasting Koshigoji and other sake varieties.

■ Registration: Until five days before the desired tour date

Mon to Fri day  
10 a.m. – 3 p.m.

Number of participants:  
1-20 people
